Skills

Technical Skills: HTML5, CSS3, Javascript, Frontend Development, Data Structure and Algorithms, Database Management System, Problem Solving, React.js, C/C++ programming language

Work Experience

Web Developer and Designing Internship | **Oasis Infobyte** | | 07 '2023 - 08 '2023

- My skill at managing difficult mathematical procedures and creating user-friendly interfaces is evident in the first project, which was a sophisticated calculator software. I made sure that the user experience and functionality were flawless with great attention to detail, which increased efficiency and productivity.
- The second project, which is a dynamic to-do list application, shows my capacity to identify problems with organisations and come up with workable solutions. I designed a feature-rich platform using state-of-the-art technology, enabling users to prioritise tasks, measure progress, and manage chores efficiently. The project is a manifestation of my dedication to developing solutions that maximise time management and streamline procedures.

Projects

Automatic Highlight Extraction in Cricket | 07 '2023 - 01 '2024

Automatic Highlight Extractor automatically highlights the key features of a particular cricket match. It incorporates the real-time weather updates that affect the gaming and provides the spectators with helpful information. The idea also incorporates commentary integration, offering professional insights alongside highlights, improving audience comprehension and pleasure. Technologies used - Cloud Infrastructure, Machine Learning, Computer Vision

Education

Bachelor's of Technology | **Pranveer Singh Institute of Technology** | Kanpur | 11 '2021 - 07 '2025

Intermediate | **Dr. Soney Lal Patel Senior Secondary School** | Kanpur | 04 '2019 - 03 '2020

High School | **Dr. Soney Lal Patel Senior Secondary School** | Kanpur | 04 '2017 - 03 '2018

Achievements

Solve 200+ questions on a various coding platforms like Leetcode, CodeChef, Coding Ninjas etc. 5-star in Problem Solving on Hackerrank, 4-star in C++ on Hackerrank, 4-star in C on Hackerrank
